DETAILED ACTION

Allowable Subject Matter

1. Claims 1 and 4-10 are allowed. The following is an examiner's statement of reasons for allowance: Prior art dumbbell benches are old and well known. Morgan (U.S. 4,598,908), Marsh (U.S. 5,725,460), and LaRossa (U.S. 4,960,277) teach examples of known prior art dumbbell benches including features such as stanchions, upwardly extending legs, cushions, and means for incrementally moving the cushions upward. The prior art of record fails to teach or make obvious the configuration as substantially claimed, and further including first and second downwardly extending support legs, permitting the second support frame to be supported and to be folded down to the ground when the support leg is in a folded position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
